

WILLIAM R. FARRAND MEMORIAL LECTURE 2024

MUSEUM OF NATURAL HISTORY

UNIVERSITY OF MICHIGAN

"Portions of the living world are cultural works, with provenance, attribution, responsibilities, and consequences."

—Rich Pell, *This Is Not An Artifact*

Fake banana flavoring, anthrax scares, and bulldog underbites— how did an art professor become the purveyor and advocate for all things "postnatural"?

Meet Rich Pell, founder and executive director of the Center for PostNatural History in Pittsburgh, PA, and Associate Professor of Art at Carnegie Mellon University, to discover what gets left out of "natural" history.
