Monday, February 3 @ NOON

Special Collections Exhibit Space, on the Sixth Floor of Hatcher Graduate Library-South (Room 660J)

Limited to 10 participants - [register here!](#)

"Frosted Memories: Exploring the Life and Works of Robert Frost" runs 12/9/24-2/20/25

Step into the world of one of America's most beloved poets, Robert Frost. This captivating showcase delves into the rich tapestry of Robert Frost's life and literary legacy. Explore the milestones and personal moments that shaped his journey from modest beginnings to literary icon. Discover the dual roles he navigated as both an inspiring educator and a profound poet, influencing countless minds in the classroom and through his verses. Experience the magic of winter and the warmth of Christmas through Frost's evocative poems, capturing the natural beauty and insightful reflections that these seasons brought to his work. Celebrate Robert Frost's status as a national treasure, a poet whose words resonated across the United States, earning admiration from presidents, scholars, and everyday readers alike.
